10.4.4 Minor.

A student becomes eligible for a minor by fulfilling the requirements for the minor established by the sponsoring agency. The minor will involve substantial work in the discipline, and require no fewer than 25 upper-division or graduate credits, unless an exception is granted by the Committee on Educational Policy. 10.4.7 Additional majors or minors.

A student becomes eligible for additional majors or minors by fulfilling the requirements of the declared majors and minors. Courses used to satisfy the requirements for each major must include a minimum of 40 upper-division credits (as per 10.4.3) not used to satisfy the minimum credits of any other major or minor. Courses used to satisfy the requirements for each minor must include a minimum of 25 upper-division credits (as per 10.4.4) not used to satisfy minimum credits of any other major or minor. Courses taken beyond these minimums to satisfy upper-division requirements for a major or minor may be applied toward another major or minor. Departments may approve substitution of appropriate upper-division courses to satisfy the requirements of this section.

Lower-division courses may always simultaneously satisfy the requirements of different majors and/or minors.

10.4.8 Passing work in Major or Minor.

Students must complete all requirements for the major or minor with grade P, C (2.0) or better.
