

UNIVERSITY OF CALIFORNIA, SANTA CRUZ

The Following Resolution was passed by voice vote at the May 20, 2005 Senate Meeting

To the Academic Senate, Santa Cruz Division:

Resolution on Retention Rates of UCSC Undergraduates as presented at the Spring Quarter Meeting:

Be it Resolved:

The Academic Senate requests that the 2005 - 06 CEP, in consultation with CPB and CAFA, seek to determine (1) the principal causes that prevent students from completing their degrees at UCSC and (2) whether there are policy changes that could be instituted, without negatively impacting the quality of undergraduate education, which could increase the graduation rate at UCSC. CEP is requested to report on their results at the final meeting of the Academic Senate in the 2005-06 academic year.
