Review of Draft 2020-21 FTE Call

iCP/EVC Kletzer requested CPB's review of the draft 2020-21 FTE call. Members reviewed the documents on a very limited timeline, and members discussed feedback in two areas: 1) language for inclusion of Teaching Professors, and 2) whether the use of the Target of Excellence hiring process makes sense within the planning and FTE call process (given the current definition and requirements of the TOE).

CPB/CEP Subcommittee on Impaction: Draft Preliminary Report

Members reviewed the draft preliminary report on impaction, drafted by the CPB/CEP Joint Subcommittee on Impaction. Chair Schumm provided an overview of the report, noting the subcommittee worked to develop a set of metrics on impaction, and studied ten departments that may be impacted as well as five non-impacted comparators. Chair Schumm noted the report avoided drawing conclusions but sought to provide information. Members raised questions about the report, including questions about goals, purpose, and implications of the study, as well as more detailed questions about the metrics.

Informational Item: Campus Deficit Report

CPB reviewed the Campus Deficit Report provided by Vice Chancellor for Planning and Budget Delaney as an informational item. Members anticipated, but did not receive, the executive summary. Members raised some issues specific to the data and also discussed elements that would make the report more useful, including data on recharges, annual budgets, and revenue generated to the unit and to the campus by that unit's operations. This information will be shared with VCPB Delaney.

Potential and Upcoming Consultations

Members discussed potential consultations the committee would like to schedule this year.

Informational Item: UCD Budget Consultation Process
