COMMITTEE ON COMMITTEES
Chapter 13.9
Revision to Committee on Academic Freedom

To the Academic Senate, Santa Cruz Division:
The Committee on Committees proposes to expand the Committee on Academic Freedom to five members with representation from each division and the School of Engineering. The academic cultures of the various divisions and the SOE are significantly different, and the concerns of faculty about their academic freedoms may vary. The proposed membership mandates a broader representation to address issues. The Committee on Academic Freedom, through the Senate Bylaws and the Unit 18 MOU, has responsibility for protection of the academic freedom rights of Senate members and non-senate teaching faculty. A non-senate teaching faculty representative has been added to the Committee. Passing the resolution to create opportunity for participation of non-Senate teaching faculty on Senate committees also requires changing Chapter 13.9. Effective date is September 1, 2005.
