

SENATE EXECUTIVE COMMITTEE
Chapter 7
Revision to 7.4

To the Academic Senate, Santa Cruz Division:

The Senate Executive Committees proposes a change to the rules of order not covered by legislation. This change conforms to the Academic Assembly action in November, 2004 which adopted use of the “*Sturgis Standard Code of Parliamentary Procedure*”.

Justification:

- “Robert’s Rule of Order” is out of copyright, which allows anyone to produce a Roberts Rules of Order, with different procedures and interpretations.
- Sturgis Standard Code of Parliamentary Procedure is simpler to read and interpret.

This change shall become effective at the next meeting of the Divisional Senate.
